SECTION SH - SHORTHORN AND POLLED SHORTHORN

Exhibitors must make entry in Class 1 for all females they wish to enter and Class 13 for all bull entries. The Dept-Section-Class number must be listed for each female or bull you wish to enter. For example, list the female's Dept-Section-Class number 5 times if you are entering 5 females. Be sure to enter group classes by listing that corresponding class number. After the cattle have been checked into the Fair, they will be listed by age, youngest first, and then divided into similar size Groups. There will be 20 groups available (both open & Indiana) to be divided between all females and bulls entered.

These divisions and the distribution of the information to the exhibitors and spectators will be the responsibility of the Indiana Shorthorn and Polled Shorthorn Association. Female classes will show first, beginning with the youngest heifer classes. Individuals will enter the show ring according to age, with the youngest entering first. Only 2 placings can be won in the individual classes and 1 in the group classes by any exhibitor.

CLASS DESCRIPTION

1. FEMALE CLASS-Calved after September 1, 2002. ENTER ALL FEMALES UNDER THIS CLASS NUMBER. Champions will be shown as the represented groups are completed.

SPECIAL TERMS AND CONDITIONS:

REVISION OF THE SENIOR/JUNIOR YEARLING PREGNANCY CONDITION FOR EXHIBITORS AT ALL OPEN SHORTHORN SHOWS.

Any senior/junior yearling female 28 months of age or older on or after the date of the show must have a natural calf at side and must be shown with such. All females 20 months of age or older on or after the date of the show must have a 60-day pregnancy verification signed from an accredited non-owner veterinarian at the time the female is processed for the show. If verification can not be produced, the female may be allowed to participate if the exhibitor can produce a qualified veterinarian to examine the female at the show site, and verify a 60-day pregnancy. Any infraction against this condition will lead to the disqualification of that individual for that specific show.

SECTION PH - POLLED HEREFORD

**HORNED HEREFORD AND POLLED HEREFORD SHOWS WILL
BE COMBINED IN 2005.**

Exhibitors must make entry in Class 1 for all females they wish to enter and Class 13 for all bull entries. The Dept.-Section-Class number must be listed for each female or bull you wish to enter. For example, list the female's Dept.-Section-Class number 5 times if you are entering 5 females. Be sure to enter group classes by listing that corresponding class number. After the cattle have checked into the Fair, they will be listed by age, youngest first, and then divided into similar size Groups. The groups will be divided by taking the total number of animals (females and bulls) entered, divided by 4 and then add three classes.

These divisions and the distribution of the information to the exhibitors and spectators will be the responsibility of the Indiana Polled Hereford Association. Only 2 premiums are paid in individual classes and 1 in the group classes for each exhibitor.

SECTION AN - ANGUS

The American Angus Association, 3201 Frederick Ave., St. Joseph, Missouri will participate in premiums offered for open class Angus breeding cattle classes according to the premium schedule based on the number of head shown. **The Association's contribution will be included in premiums issued by the show.**

A minimum of 50 head must be shown in the open class division to receive American Angus Association premium participation for the following year. Premium participation is based on previous year number of head shown.

ANGUS PREMIUM PARTICIPATION SCHEDULE

50-75 head	\$350 lump sum
76-100 head	\$425 lump sum
101-150 head	\$500 lump sum
151-200 head	\$600 lump sum
201 or more head	\$700 lump sum

Premiums from the association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the association's portion of premiums. The association does not pay a percentage on premiums offered in the championship classes. **Exhibitors must have the original registration certificate on each animal available for inspection at the show.**

Any animal upon check-in which does not have a legible tattoo corresponding to its registration certificate is ineligible to show. Once disqualified due to an incorrect or illegible tattoo, animals cannot be re-tattooed and re-checked at the show.

Any female shown with a calf at side, calf must be the cow's most recent natural calf and the calf must be registered, by show date and have the original registration certificate at check-in.

Only one person at a time shall lead animals into the show ring.

Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), use of graphite, powders, hemp or other similar substances externally and steroids, growth stimulants or artificial filling internally. Any animal found to be in violation will be barred from showing. The exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.

For an exhibitor to be eligible at shows for premium monies contributed by the American Angus Association, each exhibitor is subject to Part 3, Section IX of the Association's rules entitled "Eligibility, Conformation and Structure of Animals Presented for Exhibition." Included in this is rule 11: "Effective July 1, 2004, no exhibitors, individuals assisting exhibitors or member owners at any show for which the American Angus Association appropriates funds toward the payment of premiums shall be allowed to use products contained in or dispensed from aerosol cans on any animals exhibited at such shows."

DNA MARKER OR BLOOD TYPE FOR PARENTAGE VERIFICATION. Under the association rules each animal for which entry application (registration) is received, may be subjected to a DNA marker type or blood type test to verify both ACCURACY OF PARENTAGE as covered under Association Rules.

Staff of the American Angus Association must supervise the collection of DNA or blood samples. Animals are often sampled at shows, fairs or events where the American Angus Association contributes premiums or where association personnel participate.

If a recorded parent is excluded (as a parent) as a result of DNA or blood type, the owner may request, at his own expense, the association to determine the actual parent. Failure to determine the sire and dam disqualifies the animal's eligibility in the Angus Herd Book, and the registration certificate becomes null and void.

Any class with 11 or more animals may be broken into 2 groups.
